

# Video conferencing tools at TU Berlin

We strongly recommend the use of [ISIS/moodle](#) to optimize your eLearning solutions. ISIS/moodle is an online learning management system. If you provide material with a larger audience in mind, ISIS/moodle combined with lecture captures are a perfect match.

At TU Berlin, you can choose from the following **video conference systems**:

## Educational settings

Preferably, synchronous meetings should be applied to **interactive formats only** (e.g. practical exercises, tutoring or seminars).
